*The World's Most Eminent and Successful**Breeders of Outstanding Hybrids***1960 SPRING OFFERING****FLOWERING SIZE PLANTS & ESTABLISHED PROPAGATIONS**

We invite your consideration of this especially fine selection of choice and extra choice varieties, one certain to delight the most discriminating collector. Mainly Stuart Low modern hybrids, all plants listed are in active growth, vigorous and in good cultural condition. Potting season being here, pot sizes on some items may change.

In most instances we have but one plant of each item listed, and as select items are always in good demand, may we suggest that you name a second choice. We do not substitute unless you instruct us to do so.

Key: B - Bulbs, L - Leaves, ng - New growth

ESTABLISHED PROPAGATIONS

Established propagations, from proven bloomers, provide a thrifty way to improve the quality of any collection. Given two to three years of good culture they will be blooming size plants of exhibition quality, worth several times their cost. Number and size of bulbs and the quality of the flowers, determine the price. Where two propagations of the same size are listed, at different prices, the higher priced piece will definitely produce higher quality flowers. Mainly we have but one piece of each item listed and suggest you indicate a second choice when ordering.

SUPPLEMENTAL OFFERING

FLOWERING SIZE PLANTS AT BUDGET PRICES

\$7.50 - - \$25.00

Are you interested in acquiring quality plants, producing flowers grading "GOOD COMMERCIAL"? If so, then this Offering is for you.

Our growing benches are full and we must have space to accomodate this Spring's shipment from England. The practical thing to do is to move the stock we have-- hence this very SPECIAL OFFERING.

First, we have cut the price of the plants so that the small buyer can benefit. Then, to make the proposition still more interesting we are offering 10% discount on orders for five plants and 20% discount on orders for ten plants, your selection. No charges for packing. Prices F.O.B. Seattle, Washington.

These plants are hybrids by Armacost and Royston, Black and Flory, R. H. Gore, H. Patterson and Sons, Rivermont and Stuart Low, plus a few species. All plants listed are in active growth, vigorous and in good cultural condition.
